

PREVIEW

SPOTLIGHT ON THE SOUTH-WEST

The South West Furniture Show – held from 12-14th September in Bridgwater – is run by agents and representatives covering the South-west and Wales regions.

The South West Furniture Manufacturers' Agent and Representatives Federation (SWFMARF) was created in 1992 to promote the sales of quality home furnishings and furniture to trade customers in South-west England and South Wales.

As of today, the federation has over 50 members, some of which also service other areas.

More than 135 manufacturers and other companies – both national and international – are represented across

the territory.

The South West Furniture Show is the federation's main activity, held in the second week of September each year. The event has been held for the last eight years at Sedgemoor Auction Centre in Bridgwater – the central venue allows easy access for all.

This year, a new website has been launched, and show registration is available through Eventbrite, at www.eventbrite.co.uk/e/the-south-west-furniture-show-tickets-33894657834.
